This Connection is Untrusted

You have asked Firefox to connect securely to **uat-tds.pbebank.com**, but we can't confirm that your connection is secure.

Normally, when you try to connect securely, sites will present trusted identification to prove that you are going to the right place. However, this site's identity can't be verified.

What Should I Do?

If you usually connect to this site without problems, this error could mean that someone is trying to impersonate the site, and you shouldn't continue.

A screenshot of a web page for Public Bank's One Time Password (OTP) entry. At the top left is the "MasterCard SecureCode" logo. At the top right is the "PUBLIC BANK" logo. The main text reads: "For enhanced security measure, a 6-digit One Time Password (OTP) is required to authorise this transaction. Please enter your OTP which has been sent to your registered mobile number within the next 5 minutes." Below this, transaction details are listed: "Merchant: Academy Msia", "Amount: MYR 157.20", "Date: 22-10-2012 15:20:26", and "Card Number: XXXX-XXXX-XXXX-1207". The "One-Time Password (OTP):" is followed by "TASP -" and a text input field. Below the input field, a note states: "If you do not receive the OTP within 30 seconds, please click the 'Resend OTP' button to request for a new OTP." At the bottom are three buttons: "Proceed", "Resend OTP", and "Cancel". The footer contains the copyright notice: "Copyright © 2012 Public Bank Berhad (6463-H) [Terms & Conditions](#)".
